Mumbai University

About

I am passionate about problem-solving, transforming designs into reality, and iteratively enhancing them. This drive extends to a continuous pursuit of learning, where I actively seek new knowledge that can be applied across diverse domains within software development. I thrive on exploring various facets of this field, consistently aiming to broaden my skills and contribute to practical solutions.

Skills

TypeScript	Python	Rust
PHP	C	Java
C#	React	React Native
Svelte	VueJS	NextJS
TailwindCSS	NodeJS	Django
